ADA PARATRANSIT APPLICATION

In accordance with the Americans with Disabilities Act of 1990 (ADA), Metro and St. Clair Transit District provide “paratransit” (van/shared-ride) services to individuals with disabilities who are unable to use the fixed route services (i.e. buses - MetroBus or light-rail-MetroLink). Individuals served do not have to reside in the area, but they must be traveling within an area served by MetroBus or MetroLink. The purpose of this application is to provide an opportunity for you to describe barriers in the environment and limitations that you may have which prevent you from using available fixed route services. The information that you provide will help the transit agencies to understand your abilities and travel challenges.

All information contained in this application will be kept confidential and shared only with the professionals involved in evaluating your eligibility.

All applicants, whether new or individuals applying for recertification, must complete a new application and provide written professional verification of disability. The ADA certification process will include a personal functional assessment to determine if and under what conditions, you can use fixed route services. The evaluation focuses on your abilities and will be performed at no cost to you. Free transportation to and from the evaluation site will be provided upon request.

All questions must be answered. Incomplete forms will be returned. **If you have any questions or need assistance completing this form, please call (314) 982-1510. To request the form in an alternative format, please contact Amy Parker, ADA Coordinator, at (314) 982-1525 or adadirector@metrostlouis.org.**

Metro’s ADA Paratransit Eligibility process includes:

1. Receipt of completed application including professional verification of disability.

2. An in person functional assessment of transit-related skills. In a few instances, the functional assessment may require the evaluation of skills by orientation and mobility specialists or travel training specialists. If this is necessary, the applicant will receive up to 90 days of temporary eligibility for this type of assessment to occur.

3. Metro will schedule your assessment to occur within 3 to 10 days and notify you of the eligibility determination all within 21 days following the receipt of your completed application. **If you have not heard from our offices after 21 days, you will be granted Presumptive Eligibility if Metro caused the delay in processing your application.** Presumptive Eligibility will permit you to use Call-A-Ride or ATS services until a final determination has been made regarding your ADA eligibility for these services. If Metro did not cause the delay, you will not be granted presumptive eligibility, but you can expect an eligibility decision within 3 to 10 days following your assessment. You may call (314) 982-1510 to learn more about presumptive eligibility.

**Please return this completed application including written professional verification of disability.**
